Serial No

2 Letter No 249 dated the 26th Aug: 1908 from the President

Forwards in continuation his docket No 116 dated the 19th Idem (in Original) & the Divisional Sanitary Officers' Confidential remarks thereon together with the cover in which the same was sent and returned to him

3 The President's report on the main question of sinking a tube well at Shimoga as an experimental measure may be recorded and further report awaited

4 In this connection question has been raised by the President as to the forms in which he and the Divisional Sanitary Officers should address each other in official Communications Each considers that the other has not addressed him in proper forms in the Correspondence on the subject, and the matter has come up to Govt for a ruling.

5 Under the Health Scheme order, the Health Deptt: is Consultative and advisory and the several Sanitary Officers are subordinate to the Sanitary Comr In such circumstances

seems natural that Mr Krishna Rao should have taken offence at the Presdt Calling for a "report" from him; and the President's subsequent docket of the 9th August, which Mr Krishna Rao declined to receive as not being in proper form, reads more like an ~~do~~ endorsement to a petitioner than a formal docket. The irregularity in writing the address on the cover in which the said docket was returned to the President is probably a mistake on the part of the Clerk, as there is nothing in the present records to show there was special instructions from the Dy Sanl Officer that such course being adopted in any case, further explanation in this respect seems necessary. As regards the remarks recorded by Mr Krishna Rao on the President's docket, the proper course for him would have perhaps been to represent the matter to Govt through his official superior as stated by the Presdt

To

K S Cheema Setharama Iyer Esquire B.A. Bar-at-Law
Secretary to the Government of Mysore
General & Revenue Department

Sir,

In Continuation of my docket no.
45 dated 19th August 08 forwarding for
the information of Government copies of
certain Communications between me and
the Divisional Sanitary Officer, I have
the honour to forward herewith in original
my Docket no. 116 dated 19th August 08 to
the Divisional Sanitary Officer, which
he has returned with the remark "
Returned as the communication has not
been written
" in the proper form it
can not be accepted - Initialled BK

23 8 08." I am sending also the cover in which my docket was returned It will be seen that [illegible] docket no. 116 was sent from the President of Municipalities and according to standing orders names of officers are not to be written on covers, This cover is addressed to me by name and as Deputy Commissioner and is framed by a clerk The Divisional Sanitary officer appears to have thought that it would have been showing the Deputy Commissioner too much consideration either to have appended his signature in full to the remarks or to have himself framed the Communication that is addressed to me by name and that seems to be intended to be semi-official.

I am not aware what it is that Mr. Krishna Rau objects to in this district; in fact I fail to perceive the cause of offence in either district. If Mr. Krishna Rau thought that the District no. 116 was objectionable in any way, the proper course would have been for him to report the matter to Government through his official superior. I believe that this is the first instance in official history that a Deputy Commissioner has been treated with, in this fashion by an official district being refused and returned to him demi-officially with remarks above the initials of the addressee and with the cover franked by a subordinate clerk. Such Silly conduct is personally to me

a matter of indifference; but the Respect
due to District officers which is in the
keeping of Government has to be enforced
called in Government's own interests, and
I hope that this will be done in this instance,
and that early

3 It will not surprise Government now
to be told that although I have been in
this District for more than six weeks,
and Plague has broken out here and Mrs
Krishna Rau was for several days at
Shimoga, he has not considered it to be
part of his duty to see me, either as
a matter of official etiquette, or at
least to give me the benefit of his
suggestions

4 This unpleasant incident will
not have happened in case of

thereby. Government feel persuaded
that the Health Scheme stands in
need of urgent modifications

I have the honour to be
Sir,
Your most obedient Servant
K Chaudry

President of Municipality
Shemoga District

To K C Chandrasekhara Iyer Esq, B,A,B L ,
Secretary to the Government of
His Highness the Maharaja of Mysore
General and Revenue Departments
BANGALORE

Sir,

With reference to your letter no 3062 of 22nd Sept 1908 regarding the misunderstanding between the Deputy Commr and the Divisional Sanitary Officer, Mr Krishna Rao, I have the honor to submit Mr. Krishna Rao's explanation Mr Krishna Rao has taken note of the various points raised in your letter and also of those that arise out of the correspondence between him and the Deputy Commissioner On the whole I --- think his explanation is satisfactory But the occurrence is nevertheless a most regrettable one, and it has arisen -- chiefly through the breach of the good old rule to smoke --- another pipe before replying a letter that has given offence, more especially when the writer can have had no earthly object in being offensive, and when therefore the so called offence may have been only the outcome of hurry or want of thought, or other excusable cause

2. In the present instance the Deputy Commissioner's curt order to the Divisional Sanitary Officer to 'report" &c, could well have been put right either by a note from the latt officer, or better still by a call on the Deputy Commissioner, and when the Deputy Commr received back his No 16 of 10th August 08, with an endorsement unnumbered and otherwise irregular

General No [illegible]
Enclosure No (

Forwarding the report of Dr Krishna Rao re. the misunderstanding between himself and the Dy. Comm. Shimoga

irregular he might similarly have obtained an explanation from the Divisinal Sany. Officer as it was clear such an endorsement could not have been intended for forwardal without a covering letter, and that therefore its forwardal without such letter must clealry have been the outcome of a writer's mistake.

3. Neither of these officers, if they had only given the matter a moment's consideration, could have come to the conclusion that the other had any desire or motive to do or say anything to hurt his feelings in the least degree, and I can only attribute the lack of courtesy displayed on both sides - for the endorsement by the Dl. Sany. Officer was discourteous whether it had been sent with a covering letter or not- to a want of experience in the methods that men acting in a public capacity usually adopt one towards another.

4. I am of opinion that both these gentlemen have erred in an identical manner, and as gentlemen they are bound to make the amende honorable by an interchange of notes of ---- apology.

5. As to the complaint by the Deputy Commr. that in regard to the occurrence of plague in Shimoga the Divisional Sany. Officer did not keep him informed &c., I think Mr. Krishna Rao's explanation is satisfactory I may remark that I may think the frigid reply by the Deputy Commissioner to the Dl. Sany. Officer's proposals in regard to plague suppression in Shimoga was well calculated to dump the ardour of any Sanitary Officer, and if the Dl. Sany. Officer slacked off a bit after reading it, it only shows that he was human.

6. The Deputy Commissioner's complaint that Mr. Krishna Rao failed to call on him is also dealt with by Mr. Krishna Rao. I don't think his explanation is quite satisfactory. It was essential to the satisfactory working of his own Department not to speak of the act of courtesy due to the head of the District that he should have called on the Deputy Commr.

This is a point I am constantly trying to hammer into the heads of my officers that they should endeavour to cultivate the most friendly relations with the District Municipal authorities and so secure their cordial co-operation in their efforts to promote sanitation in the state I shall not omit to call Mr. Krishna Rao's attention to his omission to do his duty by the Deputy Commissioner in the present instance.

I have the honor to be,

Sir,

Your most obedient servant,

M D ,
It Col ,I M S ,
Sanitary Commissioner to Mysore Govt ,

From

B. Krishna Rao, Esq , L.M S , L S.Sc.,
Divisional Sanitary Officer, Western Circle,
now acting Health Officer, Bangalore City

To

Lt-Col J. Smyth, M D , I M S ,
Sanitary Commissioner, Mysore Government,
Bangalore.

Sir,

As called for in Govt letter No 3062/1 105-08-4 dated the 22nd September 1908, forwarded with your docket No 1433 dated the 10th October 1908, I have the honour to submit the following explanation for the alleged irregular correspondence between the President of the Municipalities in the Shimoga District and myself as Divisional Sanitary Officer

2 I admit it was not proper to have returned the communication under reference to Mr Chandy in the manner done But from what follows it may be seen that the same was never done intentionally as Mr Chandy would have it believed to treat him with contumely

3 During my short period of service here, I have had to come officially in contact, though not in the same capacity, with about half a dozen Deputy Commissioners besides Mr Chandy and none of them, I am sure has had any opportunity given to note that I was wanting in manners, good behaviour &c , towards any of them nor had anything of the kind happened prior to this in the case of Mr Chandy to carry conviction to the theory that the incident under reference was an act of deliberation

4 The real facts of the case are that Mr Chandy did not like to be pointed out by me that the use of the term "request" in his previous communication to me was inappropriate when I am not placed in a subordinate capacity under him In his reply docket therefore, he omitted, I believe purposely, the usual courteous official form of address "has the honour"-Vide his docket under reference He says he fails to perceive the

cause of offence in it It may kindly be observed that the style of writing adopted there Viz , "he is informed &c" is none other than that of an endorsement used in addressing lower subordinates I thought it necessary therefore to return the objectionable communication and passed the order "returned &c " in red ink thereon The red ink inscription was thus nothing ~~other~~ but Office order similar to "filed", "communicated' to so & so" generally passed on the top of papers immediately on receipt But, unfortunately, as I see now, my then Clerk, instead of preparing a separate covering letter embodying the order to return the paper, seems to have despatched the ~~original~~ origiral itself in the manner decribed by Mr Chandy in his report to Government. If instead of reporting the matter to Government in this manner ~~if~~ Mr Chandy had taken the trouble to point out the error to me in the first instance, I should at once have called for the paper back with ample apology for the offence given unintentionally

5 Without being considered to have digressed from the point under discussion, I may mention in this connection that at the time of the receipt of the above-mentioned communication from Mr Chandy, I was on circuit in Kadur District on inoculation duty, wandering from village to village in the day and inoculating hundreds of persons as my diaries relating to the period would shew and returning very late in the night to the Camp, only a single clerk had followed me ~~&~~ at the time, who in addition to attending to the usual clerical duties had to assist me in my inoculation work and unfortunately he was not an experienced hand in office work, having ~~had~~ entered service only recently and been in his probationary period at the time, for could owing to the scanty pay and prospects offered for work in Malanad and the loudly spoken of unstability of the office, experienced or more efficient men be had to take up the clerks' places sanctioned for Divisional Sanitary Office This clerk then with such limited knowledge of office work and overburdened, for reasons stated above, with duties other than clerical must have committed the mistake under reference of which I need

needful It may thus be seen that my vigilance was not restricted to preservation of health in my jurisdiction alone but had even extended to places outside

7. Before concluding however I beg to add that the delay in the submission of this explanation was due to the difficulty in the absence of the clerical staff attached to the Divisional Office in searching for and finding out from the hurriedly packed up office records, the references required for the purpose, when I am so much pressed with the heavy duties of my present office

8 The five enclosures received with your docket are herewith returned

I have the honor to be

Sir,

Your most obedient servant,

---

S H I M O G A,

/st of August 1908

Dear Sir,

Judging from the daily report to hand this morning, plague appears to have broken out in the town in right earnest Besides the 3 attacks returned therein, I hear of the two fatal ones in Durgigudi Can you kindly arrange with some of the influential Municipal Commissioners of the Town for pericdical joint inspections of the infected localities with a view to prevail upon the inhabitants thereof to undergo inoculation, failing which, to insist upon timely evacuations I shall also go with you on those occasions if you kirdly intimate to me the place for our meeting I shall be ready to go with you ever to-morrow morning on that errand if you find it convenient too I daresay some of the inhabitants of Durgigudi might submit themselves to inoculation if Rev r Tomlinson advise them

Have you done anything in the matter of destruction of rats in the town yet? What about the Sanitary Inspector? Have you been able to secure one?

Yours sincerely,

Sd B Krishna Rao,

Divisional Sanitary Officer

Western Circle,

Shimoga

K Sreenivasa Rao Esq ,
Senior Asstt: Commissioner &
Vice President, Municipal
Council, Shimoga

D O

To

K. Chandy Esq , B A ,

Deputy Commissioner, Shimoga

Dear Sir,

Having learnt from the daily return of public health in the town received last Saturday that there had been a few cases of plague in different parts of the town, I wrote to Mr Sreeniyasa Rao, the Vice President, Local Municipal Council, if he could arrange with some of the influential non-official members of the Municipal Council to go with us (the Vice President & myself) round the infected areas with a view to advise and prevail upon the inhabitants thereof, to submit themselves for inoculation or evacuate the infected localities in time In reply, he asks me to write to you in the matter and I am doing so accordingly Some measure of the kind seems necessary to adopt in the present circumstances to mitigate if not avert the impending calamitous state of things

I trust you will approve of the idea and do the needful in the matter.

Yours sincerely,

Sd B Krishna Rao,

Divisional San Officer,

W C

Letter No 90 dated 7-8-08 from K Chandy Esq , B A , President of Municipality, Shimoga District, to the Divisional Sanitary Officer, Western Circle, Shimoga

Sir,

With respect to your D O. requesting me to depute the Vice President to meet you for inoculating the Shimoga town people &c., I have the honour to state that the Vice President and the District Medical Officer have been taking steps under my instructions to inoculate the townspeople

and to evacuate infected houses Any suggestions that you have to make in the matter will be duly considered

I have Etc ,

Sd K. Srinivasa Rao,

For President.
